

## Instructions for arriving at the COVID-19 testing building in the area of Tays Central Hospital

- The route for bicycle and pedestrian traffic is marked on the map with a red dashed line.
- The route for car traffic is marked on the map with a blue dashed line. There are parking spaces in front of the testing building.
- Follow the signposts in the area.

### Important

- When you arrive, wait for a nurse outside the doors. The nurse will fetch you from the door for testing. While waiting, maintain an adequate safe distance to others coming in for testing.
- Please do not use any other hospital doors when you come in for testing! Only the entrance point indicated on the map may be used when coming in for testing.
